## SKILLS

---

**Backend:** Java (J2SE, J2EE), JDBC, Hibernate, Spring, SpringBoot, RestAPI, MySQL, MariaDB, Apache Tomcat.  
**Frontend:** Angular, JavaScript, HTML, CSS, Bootstrap.

## PROJECTS

---

### Ganak (A Calculator Website with Angular and Servlet)

Ganak is a web-based calculator application built with Angular for the frontend and Servlet for the backend. It offers users a user-friendly platform for basic arithmetic operations, including undo and redo functions for easy input editing.

- **Angular-Servlet Integration:** Integrated Angular frontend with Servlet backend for efficient RESTful communication and data processing.
- **Undo/Redo :** Implemented undo and redo to improve error correction during calculations.
- **Tech Environment:** Angular, Java Servlet, Jackson JSON, MVC.
- **Responsibilities:** Analyzed user specs, developed code, debugged issues, and conducted unit testing.

### Chatore's (A Food Ordering Website)

Chatore's is a user-friendly online platform that caters to the cravings of desi food enthusiasts. It offers a seamless ordering experience, allowing users to explore a diverse range of authentic desi dishes from the comfort of their homes, with flexible delivery or pickup options.

- **User Panel:** Effortless order placement, management, and feedback submission.
- **Admin Panel:** Menu maintenance, order monitoring, and performance analytics for improved efficiency.
- **Tech Environment:** Spring, SpringBoot, MVC, JPA, MySQL.
- **Responsibilities:** Analyzed user specs, developed code, debugged issues, and conducted unit testing.

## WORK EXPERIENCE

---

### Unoveo Software Technologies

**INDORE, M.P.**

#### Software Engineer Intern

Dec 2023 – Till Date

- Acquired expertise in creating and utilizing RESTful APIs for efficient client-server data exchange.
- Explored the Model-View-Controller (MVC) pattern and its importance in software development.
- Grasped core concepts of JavaScript programming language.
- Gained familiarity with Angular framework and its core functionalities.
- Explored Spring Security for Java app authentication and authorization.

### Nightingale – Creative Design Studio

**INDORE, M.P.**

#### Junior Designer

Nov 2021- Feb 2023

- Develop and present design concepts.
- Manage project timelines and budgets.
- Coordinate with contractors and vendors.
- Handled a team of 3 interns.

## EDUCATION

---

### Devi Ahilya Vishwavidyalaya (DDUKK)

**INDORE, M.P.**

Master Of Vocation (Interior Design)

2022-2024

Cumulative CGPA: 7.67

Working on a Dissertation about How vernacular architecture helps in Modern Interior Design.

### Devi Ahilya Vishwavidyalaya (DOLLL)

**INDORE, M.P.**

Bachelor Of Vocation (Interior Design)

2018-2021

Cumulative CGPA: 7.23

Got best portfolio award, Competed 5 days Vastu workshop, Completed 100 sqft wall-mural in 3 days.

## ADDITIONAL INFORMATION

---

**Other Tools :** Maven, IntelliJ IDEA, Eclipse, VS-Code, STS, Postman, GitHub, Figma, Ms-Office.

**Certifications :** JAVA (J2SE, J2EE), Hibernate, Spring MVC, AutoCad, SketchUp, Vray, MS-Office.

**Interests :** Movies, Engaging in handcrafting projects.

**Volunteer :** Had built a 700 sqft walkable ramped roof with 15 members,  
Served as a scribe for visually impaired individual.  
Captained both Collage's and School's Cricket and Kho-Kho team.

**Language :** Hindi & English.
